Allowable Subject Matter

1. Claims 1-5 and 7-21 allowed.

The following is an examiner's statement of reasons for allowance: The overall claimed combination of a personal care product comprising a first denier bicomponent fiber with an average denier of 1 or less in combination with a second fiber with an average denier of 4-15 with the material having the claimed basis weight is neither anticipated nor rendered obvious by the prior art of record. In applicant's arguments filed 4/6/04, applicant provided criticality for the claimed fiber deniers of the first and second fibers. Applicant's arguments are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
